NHS APP

The NHS App gives you a simple and secure way to access a range of NHS services. Download the NHS App on your smartphone or tablet via the [Google play](#) or [App store](#). You can also access the same services in a web browser by [logging in through the NHS website](#).

You must be aged 13 or over to use the NHS App. You also need to be registered with a GP surgery in England or the Isle of Man. Find out more about [who can use the NHS App](#).

Having trouble pop into the surgery and we will help you with this

Garden project

We have secured funds for a project to have the garden cleared and made into a welcoming safe place for people to come along and plant flowers vegetables.

We are keen to bring innovative and enriching projects to our local community. Our vision is to establish a vibrant gardening project that will not only cultivate green spaces but also foster community engagement, promote social interaction, and encourage healthier lifestyles among participants. The proposed gardening project aims to provide a welcoming space where individuals can come together, connect with nature, develop new skills and improve their physical well-being through gardening activities.

Come along on Wednesday mornings!

Patient Notices
